Bristol Community College Recommended Course Sequences

These recommendations are meant to guide you in your course selections. While some courses have prerequisites and need to be taken in order, others can be taken out of this order. This is offered as a guideline to completing your degree in two years and your certificate in one. Taking developmental work may extend this schedule. If you have questions, see your advisor or the Advising Center.

Programs are alphabetical by the name of the program. Degree options follow the degree program.
