

Instructions for Using the IRS Data Retrieval Tool or Obtaining an IRS Tax Return Transcript/Non-filer/W2s

If you were selected for verification, you must obtain your tax information directly from the IRS. If you filed a tax return, you are strongly encouraged to use the IRS Data Retrieval Tool as it is the most efficient option. If W2s are required and you no longer have copies, the IRS Form W2 is available with an IRS account or by mail with a 4506-T only.

IRS Data Retrieval Tool (DRT)

Once you have submitted your tax return, wait the appropriate length of time (2-3 weeks if filed electronically and 8-11 weeks if by mail) then follow these steps:

1. Go back to studentaid.gov, log into student's FAFSA record and select "Make FAFSA Corrections."
2. Go to the Financial Information section of the form.
3. If you are eligible to use the IRS Data Retrieval Process, click on "Link to IRS" and click "OK."
4. On the IRS Website, enter the requested information and click "submit."
5. Check the box to the left of the words "Transfer My Tax Information into the FAFSA," then click "Transfer Now."
6. You should then receive a message "You have successfully transferred your 2020 tax information".
7. **Be sure to finish going through all the steps and electronically sign (if dependent student, one of your parents also needs to electronically sign) and submit your FAFSA.**
