

BRISTOL COMMUNITY COLLEGE
STUDENT SUICIDE PREVENTION PROTOCOL
Full Protocol

PURPOSE

The purpose of this protocol is to provide education and guidance to faculty, staff, students, and other members of the College community to help prevent student suicide. All suicidal behavior or threats should be taken seriously and immediately referred in accordance with this protocol. **In the case of an emergency, please call 911 or contact Campus Police at 774.357.3911 immediately.**

PROTOCOL

This Protocol shall be followed in the event a College employee has actual knowledge that a student...

- a) Is actively engaged in suicidal behavior;
- b) Has stated plans or intentions to commit suicide, including active suicidal ideation with specific plan and intent to act, or active suicidal ideation with some intent to act, without a specific plan;
- c) Has engaged in suicidal behavior previously while enrolled at the College or recently before matriculation.¹

Where the college has actual knowledge that a student has engaged in suicidal behavior and is currently hospitalized, the Medical Withdrawal and Re-Entry policy shall be activated in the event the student seeks to return to the College.

a) Active Suicidal Behavior

- Any member of the College community who has actual knowledge that a student is actively engaged in suicidal behavior shall immediately contact emergency personnel by calling **911** or **Campus Police at 774.357.3911**.
- Campus Police shall attempt to contact the student's emergency contact of record or another emergency contact identified by the student.
- Campus Police will submit a CARE Team referral, contact the Dean of Counseling and Health Services, or designee, at 774.357.2234; and contact the Vice President for Student Services and Enrollment Management (VP SSEM), or designee, at 774.357.2150.
- A student who has engaged in active suicidal behavior may be required by the Vice President for Student Services and Enrollment Management (VP SSEM) to be assessed by a licensed mental health professional and provide documentation per the College's Medical Withdrawal and Re-Entry Policy. Documentation will be reviewed by the Dean of Counseling and Health Services, or designee, and/or the college's CARE Team.

b) Active Suicidal Ideations with Stated Plans or Intentions

- Any member of the College community who has actual knowledge that a student has stated

¹ "Matriculation" should be interpreted broadly and not be limited to full-time students.

plans or intentions to engage in suicidal behavior shall contact Counseling and Health Services immediately at 774.357.2234 or Campus Police at 774.357.2218.

- Based on the information received, the Dean of Counseling and Health Services, or designee, shall determine whether the protocol should be activated. In doing so the Dean or designee may attempt to meet with the student and/or consult with the college's CARE Team.
- If the protocol is activated a college official shall attempt to contact the student's emergency contact of record or another emergency contact identified by the student.
- The Dean of Counseling and Health Services, or designee, may further consult with the college's CARE Team to determine an appropriate medical referral, help identify support strategies, and/or develop a follow-up action plan for the student.
- If it is determined that a student has engaged in suicidal behavior while enrolled at the College or recently before matriculating, the student may be required by the Vice President for Student Services and Enrollment Management (VP SSEM) to be assessed by a licensed mental health professional and provide documentation per the College's Medical Withdrawal and Re-Entry Policy. Documentation will be reviewed by the Dean of Counseling and Health Services, or designee, and/or the college's CARE Team.

c) Previous Suicidal Behavior

- Any member of the College community who has actual knowledge that a student has engaged in suicidal behavior while enrolled, attempted suicide at the College, or recently before matriculating, shall submit a CARE Team Referral and/or notify Counseling and Health Services at 774-357-2234 and the Office of the Vice President for Student Services and Enrollment Management at 774.57.2150.
- Based on the information received, the Dean of Counseling and Health Services, or designee, shall determine whether the protocol should be activated. In doing so the Dean or designee may attempt to meet with the student and/or consult with the College's CARE Team.
- If the protocol is activated, a college official shall attempt to contact the student's emergency contact of record or another emergency contact identified by the student.
- The Dean of Counseling and Health Services, or designee, may further consult with the College's CARE Team to determine an appropriate medical referral, help identify support strategies, and/or develop a follow-up action plan for the student.
- When it is determined that a student has engaged in suicidal behavior while enrolled at the College or recently before matriculating, the student may be required by the Vice President for Student Services and Enrollment Management (VP SSEM) to be assessed by a licensed mental health professional and provide documentation per the College's Re-Entry Policy. Documentation will be reviewed by the Dean of Counseling and Health Services, or designee, and/or the college's CARE Team.

DEFINITIONS

Suicide: Death from an injury which is self-inflicted and by which the student intended to kill him/herself.

Suicidal Behavior: Any potentially injurious behavior which is self-inflicted and by which a student intends, or gives the appearance of intending, to kill himself or herself.

Suicidal Ideation: Any self-reported thoughts or feelings about engaging in suicidal behavior.

Suicide Plan: A proposed method of self-inflicted injury through which the potential and intentional outcome is death.

Active Suicidal Ideation with Specific Plan and Intent to Act: Thoughts of killing oneself with details of plan fully or partially worked out and student has some intent to carry it out.

Active Suicidal Ideation with Some Intent to Act, without Specific Plan: Active suicidal thoughts of killing oneself and student reports having some intent to act on such thoughts, as opposed to "I have the thoughts but I definitely will not do anything about them."

Actual Knowledge: The direct and clear awareness of a fact or circumstance, as opposed to constructive (inferred or implied) knowledge. What a person "must have known" as opposed to "should have known."
